

## J-055

Professional hammer tacker for continuous use in roof extensions or drywall construction.

- Suitable for flat wire staples of 6 to 14 mm
  - Steel Design: Robust and durable all-metal hammer tacker
  - No Loose Parts: All parts are firmly attached to the tacker and cannot be lost
  - Perfect Grip Handle: Non-slip handle for safe handling and fatigue-free working
  - Volume Plus: Large loading capacity for fewer loading operations
  - Flexible Surface Protection: Wide, flexible baffle plate for optimum surface protection
  - Quick Loading System: Integrated staple pusher for fast reloading
  - Staple Indicator: Easily visible staple level
  - Heavy duty: Increased impact force thanks to high forward-directed weight
  - Power Shot Function: The optimised transmission of the impact force allows long staples to be inserted effortlessly
- Article number: 030-0448
  - EAN Code: 4009729071540
  - Weight: 1.231 kg

Quick Loading System: Integrated staple pusher for fast reloading
