

## J-328 air power

The professional airtacker with light-alloy housing is ideal for panelling work.

- Takes narrow crown staples of 12 to 28 mm and nails up to 30 mm
  - Staple Indicator: Easily visible staple level indicator
  - Precise nozzle: Extra-fine nozzle allows for precise work in hard-to-reach places and direct mounting of tongue-and-groove boards into the side of the groove.
  - Safety Lock: Blank firing guard prevents the tacker from being fired until it is pressed against the material being fastened
  - Silencer: Sound muffler for low noise levels
  - Quick Loading System: Integrated staple pusher for fast reloading
  - Supplied in a practical carrying case
- Article number: 032-0034
  - EAN Code: 4009729022382
  - Weight: 2.131 kg
  - Guarantee: Novus offers a warranty of 2 years when handled in a proper manner.

**Staple inspection window**  
The open staple channel shows how many staples are left in the magazine.

**Long nozzle**  
The tacker's narrow and long nozzle also permits precision stapling at poorly accessible places.

## J-328 air power

Easy nailing of decorative moulding.

Panelling without clip, attached directly.

Fastening of tongue-and-groove boards with clips.
